STUDENT USI FORM

The Unique Student Identifier (USI) gives access to a national register that allows all students to see all the nationally accredited training records and results, from all registered training providers, completed after 1 January 2015. Correct Training Systems is unable to issue you with a nationally recognised VET qualification or statement of attainment when you complete your course if you do not have USI number and supply us with a correct USI. In addition, we are required to include your USI in the data we submit to NCVER, in an annual report.

If you have not yet obtained a USI, you can apply for it directly at:

http://www.usi.gov.au/students/create-your-usi on computer or mobile device.

You may already have a USI if you have done any nationally recognised training, eg. training at work, completing a first aid course or RSA, getting a white card, studying at TAFE or training organization. It is important that you try to find out whether you already have a USI before attempting to create a new one. You should not have more than one USI. To check if you already have a USI, use the "Forgotten USI" link on the USI website at:

http://www.usi.gov.au/faqs/i-have-forgotten-my-usi

Record your USI number here for Correct Training Systems to use:

Your details MUST match the exact information you used when you create/d the USI.
